

The International Academy for Production Engineering
Collège International pour la Recherche en Productique
Internationale Akademie für Produktionstechnik

CIRP – About us

- World leading Organization in Production Engineering Research

- Leading Edge Research in Design, Optimization, Control and Management of Processes, Machines and Systems

- 550 Academic and Industrial Members from over 40 Countries
-

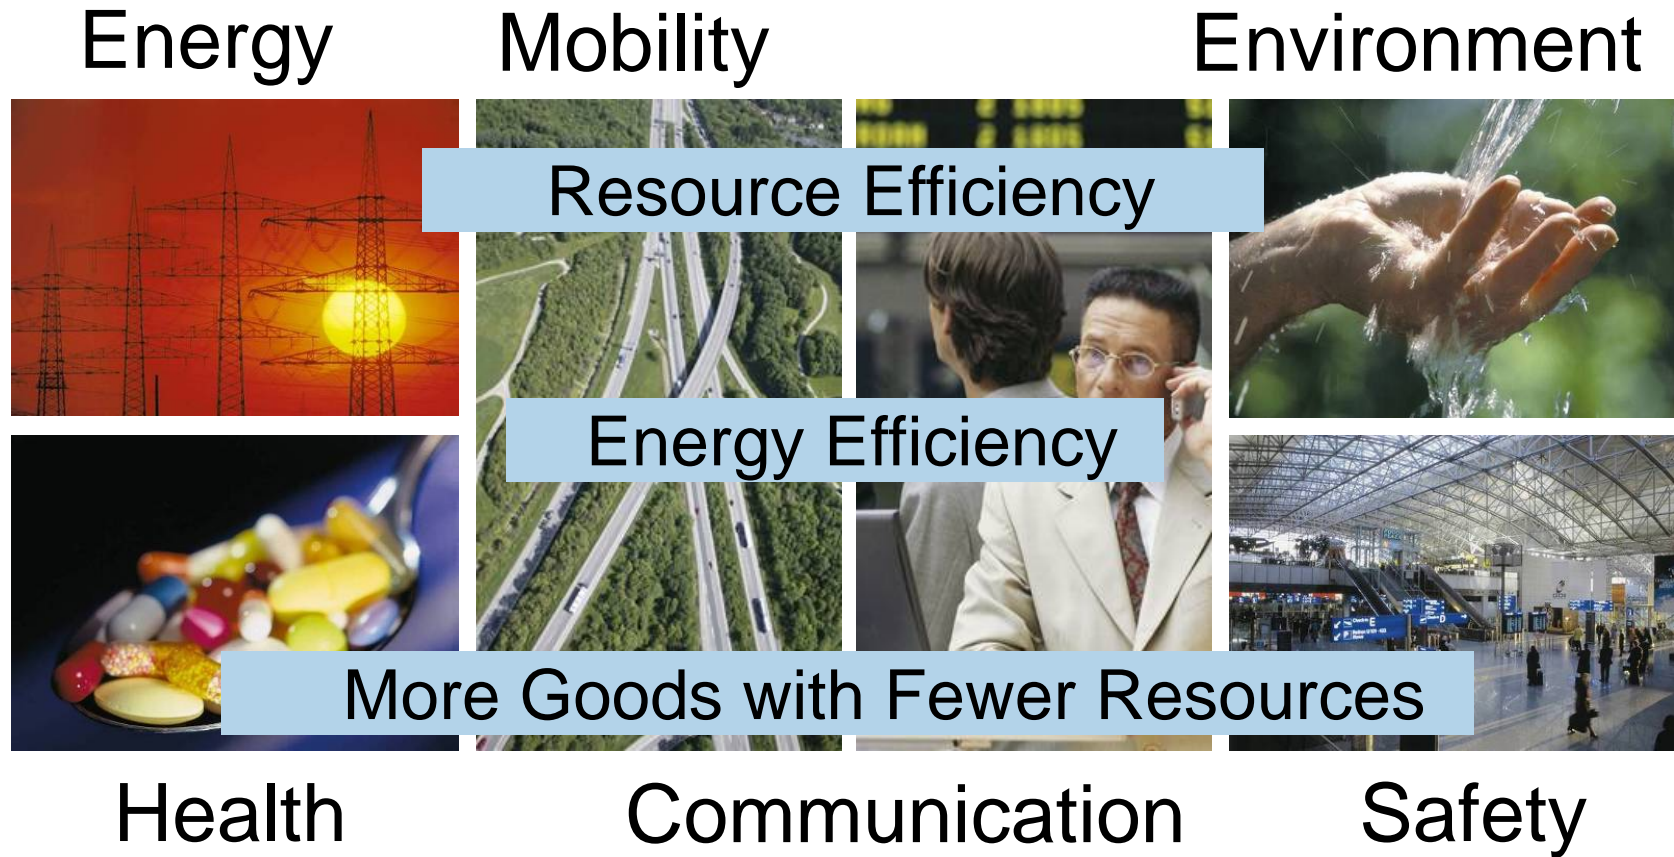

Industrial Society in Strained Relations

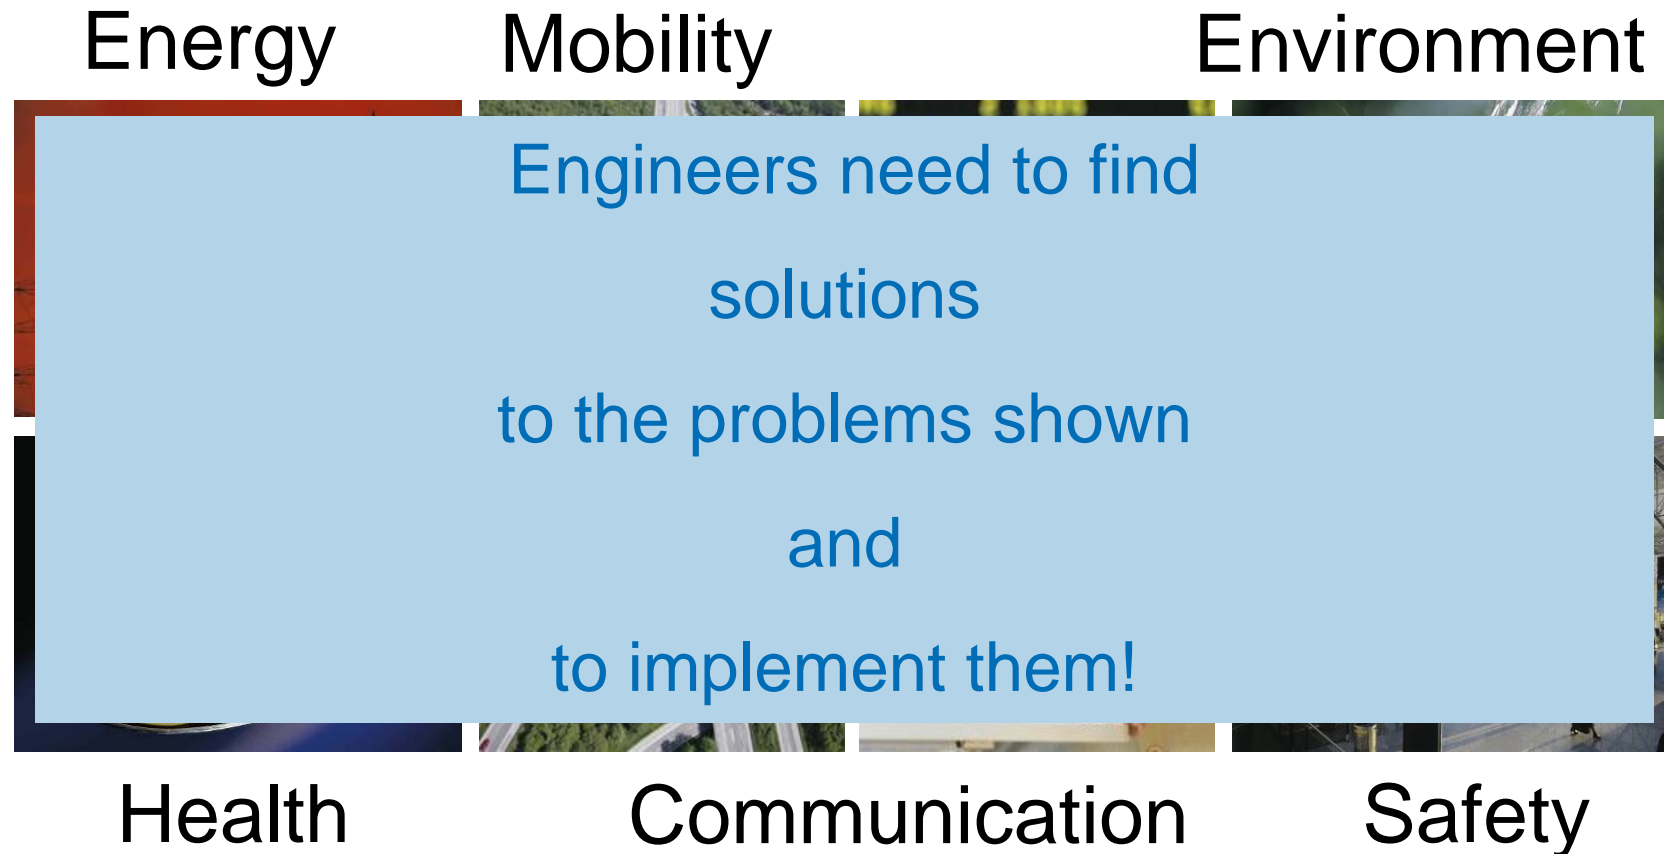

Source: acatech, Oct. 2007

What is future going to bring about?

What subjects move people?

What is the role of engineering? What is the role of engineers?

Production Engineering - Framework

- Value chain
- Product life cycle

- Fundamentals and Basics
- Methods and Methodologies

- Organization
 - People
-

Vision and Mission Statement

Vision

To Promote Research and Development
among its
Members from Academia and Industry
to contribute to the
Global Economic Growth and Well Being of Society

Mission

**To develop the highest level International Network
of eminent Researchers and Industrialists for the
purpose of marshalling their Knowledge and Insights**

Ready to go

**It is admittedly indisputable
that science and technology must provide
the solutions to the future issues that lie before us**

**Let's go for it !
CIRP is ready in helping to shape the future!**

**The International Academy for Production Engineering
Collège International pour la Recherche en Productique
Internationale Akademie für Produktionstechnik**
